Summit County Business Physical Distancing Protocol

Must be completed for each facility or work site. Updated: 8/18/20

Business Name: Keystone Science School

Facility Address: 1053 Soda Ridge Road, Keystone CO 80435

Approx. gross square footage of space open to the public: Ticken 5,000² Ft. Campus
24 acres

Businesses must implement all applicable measures listed below, and be prepared to explain why any measure that is not implemented is not applicable to the business. For businesses that are subject to more specific regulatory rules established by another agency (DORA, CDPHE, etc.), those must also be followed.

Signage

- Signs have been placed at each public entrance of the facility or work site to inform all employees and customers that they should: avoid entering the facility or location if they have a cough or fever; maintain a minimum six-foot distance from one another; sneeze and cough into a cloth or tissue or, if not available, into one's elbow; and not shake hands or engage in any unnecessary physical contact.
[sign template attached]

- A copy of this Physical Distancing Protocol has been placed at each public entrance to the work site.

Measures To Protect Employee Health *(check all that apply to the facility or work site)*

- Provide work accommodations for people who are at risk of severe illness from COVID-19. <https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/index.html>
- All employees have been told not to come to work if experiencing symptoms that indicate possible COVID-19 infection including: fever (>100.4°F) or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or

Measures To Prevent Crowds From Gathering: (check all that apply to the facility or work site)

- Many businesses and activities have guidelines that mandate how many persons can be in a venue at a time. Where such specific guidelines are available, businesses and activities must follow those protocols. For businesses/activities that do not have specific guidelines, the following formula may be used. (*Gross square footage of space - square footage of shelving, equipment, displays, etc. / 100 sq ft per person*).

For example, if you have a 5000 sq ft customer area and 20% (1000 sqft) is shelving, etc. (5000sqft - 1000sqft) / 100sqft per person=40 persons.

This formula guides business/facility managers to a reasonable number of persons that may occupy a business or venue while maintaining 6-feet of physical distance to others.

Maximum number of persons allowed in this venue: _____

- An employee is monitoring the entrance to ensure that the maximum number of customers in the facility set forth above is not exceeded.

- Optional—Describe other measures:

Measures To Increase Sanitization (check all that apply to the facility or work site)

- Hand sanitizer, soap and water, or effective disinfectant is available to the public and employees at or near the entrance of the facility or work site, at checkout counters, workstations, and anywhere else where people have direct interactions. Location(s) include:

Tieken and Rives main entrances

- Disinfecting wipes or spray that is effective against COVID-19 are available near workstations and all high-contact surfaces (including payment portals, carts, baskets, pens, shared tools, heavy equipment, etc.). Location(s) include:

- Employee(s) have been assigned to clean/disinfect all high-contact surfaces frequently.

Any additional measures not included here should be listed on separate pages, which the business may attach to this document.

Employees, customers and other interested parties may contact the following person with any questions or comments about this protocol:

Name:

Logan Maclean
